

GOLF fore the CURE™

Presented by  SUBARU

"One round can make a difference"

What is Golf Fore the Cure presented by Subaru?

Golf Fore the Cure was created by Golf Canada to drive women's participation in the game of golf through fundraising and awareness to support the fight against breast cancer. Individuals or golf clubs can run any golf-related event (scramble, ladies' day, women's clinic, etc.) under the Golf Fore the Cure banner at no cost to you or your host club.

Partnered with the Canadian Cancer Society and the Quebec Breast Cancer Foundation, 100% of funds raised through the program are donated to breast cancer research and provincial support programs. To date, over \$6.8 million has been raised!

How do I run a Golf Fore the Cure event?

1. Pick a date that works best for your event. There's no need to start anything new – add value to an existing ladies league night or tournament. Men are welcome to participate!
2. Register your event with Golf Canada online at golfforethecure.ca or by filling out the hardcopy form.
3. You will receive your event kit 2-3 weeks before your event date. In addition to pricing and signage this kit contains program materials that will help you run the event.
4. Use pledge forms found in the event kit or the online fundraising tool to raise money. You can choose to allocate the funds raised towards nation-wide breast cancer research or support programs in your province. You can also fundraise through raffle tickets, silent auctions, whichever format works best for you and your participants!
5. Run your event; encourage your ladies to wear pink, decorate their carts, etc.
6. Within 2 weeks following your event, send your post-event wrap up package back to Golf Canada with all cheques, pledge forms and participant summaries so that the Canadian Cancer Society can issue tax receipts. Those who donate online will receive their receipt electronically

It's that simple! Become a part of Canada's largest grassroots golf program for women. For more information please visit golfcanada.ca/golfforethecure or contact gftc@golfcanada.ca
